**DTI DENTAL TECHNOLOGIES INC.  
BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS SHAREHOLDERS  
ACCEPT HEALTHPOINTCAPITAL'S OFFER**

Vancouver, British Columbia – DTI Dental Technologies Inc. (“DTI”) announces that the Board of Directors of DTI has reviewed the terms of the offer being made by HealthpointCapital, LLC (“Healthpoint”), through an affiliated corporation, to acquire all of the issued and outstanding common shares of DTI at \$1.60 per share (the “Offer”). The Board has determined that the Offer is fair, from a financial point of view, to all shareholders of DTI and, accordingly, has unanimously recommended that DTI shareholders ACCEPT the Offer.

In making its recommendation, the Board considered a number of factors, including the report and recommendation of the Special Committee of Directors, a favourable fairness opinion from the Special Committee’s independent financial advisor, and the terms of support agreements between Healthpoint and major shareholders of DTI which provide that shareholders holding an aggregate of 82% of the outstanding common shares of DTI on a fully diluted basis have unconditionally agreed to deposit their common shares to the Offer.

DTI will be mailing its directors’ circular recommending approval of the Offer during the week of July 24, 2006.

**About DTI Dental Technologies Inc.**

DTI is a multi-site operator of premium quality dental laboratories, with sixteen labs in seven U.S. states and three Canadian provinces. DTI’s laboratories design and manufacture custom dental prosthetics including crowns, bridges and orthodontic appliances. DTI’s experienced management team is committed to building shareholder value by increasing market share, revenue and cash flow through improved marketing, training, business processes and maximizing opportunities for additional growth. DTI is well positioned to capitalize on growing demand by our aging population for high quality cosmetic and restorative dental products.
